What went well?

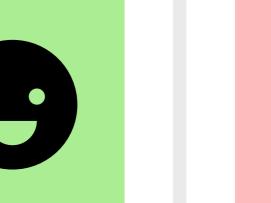

What should we keep doing?
What should we celebrate?
Where did we make progress?

If you compare uber prices with other local options uber will be cheap and safe.

Uber gives discount to regular users.

Uber is available 24/7.

The smartest network.

Uber is the convenient travel with low cost.

Should be available during peak time.

What ideas do you have?

What ideas do you have for future work together?
Where do you see opportunities to improve?
What has untapped potential?

[Topic of the retrospective]

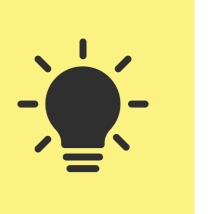

What went poorly? Where did we have problems?

Where did we have problems?
What was frustrating to us or others?
What held us back?

Uber is considered safe & reliable for riders.

Drivers want to maximize their trips every day & maximize their profit.

Customers are anxious during peak hours to get a ride.

Looks into the areas of more demands and optimizes driver availability.

Makes
vehicles
available at
all times.

Reduces cost at peak hours and increases during nonpeak time.

How should we take action?

What do you believe we should do next?
What specific things should we change?
What should extend beyond this meeting?
